

The Conceptual Strategy for Humankind s Survival in the XXI Century and Food Security (Paperback)

By ORAZALY SABDEN

Silk Road Media, 2016. Paperback. Condition: New. English ed.. Language: English . Brand New Book ***** Print on Demand *****.As the third millennium dawns, this world storms and changes unpredictably. Hence, it has become difficult to calculate what to expect on the morrow. Indeed, questions of recovery from innumerable crises (along with any possible rescue plan for humankind from adverse global conditions), are now paramount. After all, dangers such as rapid climate change, water scarcity, not to mention preventable food shortages, obviously shake social stability and economic sustainability on a planetary scale. At the same time, of course, as potential resource-based political conflicts appear on the horizon, various natural cataclysms, pure accidents, and negative environmental processes are increasing. All presenting humanity with unprecedented socio-environmental issues. Each one of which has (arguably), been generated through a deliberate refusal to apply objective economic principles, an active interest in wildlife conservation, or for that matter any employment of tried and tested managerial laws governing cyclical unfolding. So stated, these instances of adaptation emerged, first of all, in the consciousness of people: only thereafter configuring generally within world psychology. This is why every one of these problems demands a revival of spiritual and moral...
