Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Xulon Press, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Hmong are a group of people who are recorded to have been living in China since 3,000 BC. History indicates that Hmong fought many wars with the Chinese to resist assimilation, as well as to repel oppression. Many were forced to migrate out of China to neighboring Southeast Asian countries during the middle of the eighteenth century due to political oppression, later on settling in Western countries such as the United States. For thousands of years, Hmong animism was the only religion they believed and practiced. However, by the grace of God, a large number of Hmong have turned to Christ. The book, Hmong Animism: A Christian Perspective offers a comparative religious study on the two belief systems. It explains Hmong animists belief in reincarnation, shamanism, and the worship of ancestors, household demons and wild demons in comparison to Hmong Christians beliefs in God and the Savior Jesus Christ.
