By Bob Miller

McGraw-Hill Education - Europe, United States, 2005. Paperback. Condition: New. 3rd edition. Language: English . Brand New Book ***** Print on Demand *****.This title is student tested and approved! If you suffer from math anxiety, then sign up for private tutoring with Bob Miller! Do logarithms, sines, and cosines leave you in a cold sweat? Vectors and derivatives send stress signals to your brain? If so, then you are like the many thousands of students - students of all ages, all levels - who are trying to master calculus. Luckily, there is a cure: Bob Miller's Calc for the Clueless series! Like the teacher you always wished you had (but never thought existed), Bob Miller brings a combination of knowledge, empathy and fun to this subject. He breaks down the learning process in an easy, non-technical way and builds it up again using his own unique methods. And for students prepping for the SAT, Precalc for the Clueless, Third Edition now covers all the math needed to ace the new, more demanding math sections on the test. As Bob Miller says, Basically, the Clueless books are my notes. Exactly the way I teach: friendly, clear, with some humor and plenty...
