

Home Networking Annoyances: How to Fix the Most Annoying Things About Your Home Network

By Kathy Ivens

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Home Networking Annoyances: How to Fix the Most Annoying Things About Your Home Network, Kathy Ivens, The beauty of a home network is that it can make life so easy--what could be better than sharing an Internet connection so that everyone can be online at the same time? With home networking you can move files from one computer to another, share resources, print to a single printer or multiple printers from any computer in the house, and IM the kids when they're holed up in their rooms. And the downside? Anyone who's ever had to troubleshoot a network glitch doesn't need to ask that question. The simple words, "Why can't I print? Why can't I get to the Internet? Why does my computer say 'Access Denied' today, when it worked fine yesterday?" are enough to send the home network administrator running for cover. And the concept of "network security" can keep the soundest sleeper tossing and turning all night. Currently, more than 8 million homes in the US have installed a network of some kind, and within five years, that number is expected to jump to 37 million. This speaks...

Reviews

This written publication is fantastic. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of your respective time (that's what catalogues are for concerning should you ask me).

-- **Tevin McClure**

It in just one of the most popular ebook. It really is full of wisdom and knowledge You are going to like just how the blogger create this pdf.
