You don't have to be an expert to know that it's a tough time to be a worker in the United States. Unemployment remains around 10 percent, and millions of people are unemployed or underemployed. To make matters worse, there are usually eight to ten job candidates seeking a single job opening, which compares with the two to four candidates that were competing for a given position in December 2007. Unlock the secrets to getting hired in a tough economy with Yusuf Wilson, a nationally known career coach. He helps you discover how to make your skills and accomplishments distinctive; where to find your dream green job; methods to land more interviews and receive more job offers; networking strategies to connect with more movers and shakers; and many other proven strategies to build a job search plan that works. If you are among the millions of people who are unemployed or underemployed, Wilson's strategies can help you. Equip yourself with the tools and knowledge you need to start walking down a path that leads to Getting Hired Now. This item ships from multiple locations.
